

INJUNCTION ISSUED AGAINST RAILROADS.

Freight Rate Boost Gets Into Court.

SHIPPERS TAKE ACTION

Appeal to Wickersham Brings Quick Results.

EXPECT BITTER LEGAL BATTLE

Railroads in Middle West Are Charged With Combining to Increase Charges in Violation of Anti-Trust Laws—Would Have Become Effective Today.

Hannibal, Mo., June 1.—In the United States circuit court for the eastern district of Missouri, Judge Dyer, in chambers, issued a temporary injunction restraining 25 western railroads from enforcing, effecting or making the advances in interstate commerce commission tariff A 115 on the ground that the said advances have been arrived at by the defendants therein by agreement with each other and without competition and in violation of the act of July 2, 1890, called the "Sherman anti-trust act."

It is further stated in the restraining order that "unless such a restraining order be issued said advances will become effective June 1, 1910, to the grave harm and injury of the people of the United States." The petition upon which the injunction was issued was presented to Judge Dyer by Edwin P. Grosvenor of Washington, special assistant to the attorney general of the United States, and Frederick N. Judson of St. Louis, acting in like capacity. The petition was signed by George W. Wickersham, attorney general; William S. Kenyon, assistant to the attorney general; Frederick N. Judson, Edwin P. Grosvenor, special assistant to the attorney general, and Charles A. Hout, United States attorney.

LONG FIGHT IN SIGHT

Other Reads Said to Contemplate Raise in Freight Charges.

Washington, June 1.—Assistant Attorney General Grosvenor, who was in St. Louis, was instructed by Attorney General Wickersham to apply to Judge David Dyer of that federal district for an injunction restraining 25 railroads in the middle west from putting into effect increases in freight rates ranging from 10 to 30 per cent.

The activity of the attorney general's office is practically the result of the appeal which was made to him by a delegation of shippers from the middle west, supported by 20 or more influential members of congress from that section of the country.

Assert Combination Exists. The department of justice in their proceedings against the western trunk-line committee asserts that the railroads have entered into a combination in violation of the Sherman anti-trust law. The president went over the case with the attorney general and concurred with him in the opinion that an injunction suit ought to be begun at once. The subject was also discussed at the cabinet meeting.

It is expected that the fight between the government and the railroads on this proposition will be bitter. The railroads of the country pretty generally have increased in freight rates under contemplation, if they have not already filed them, and in other cases the increases apparently have been the result of concerted action through committees or associations.

Denies Moody Will Resign. Boston, June 1.—A report that Justice Moody of the supreme court is to retire next October unless his condition improves was received in Boston. Although he is still suffering from stomach trouble, his condition is somewhat improved. Dr. J. H. Goldthwaite, who is attending him, states that there is nothing in the report that his patient is going to resign.

Tipped to Succeed Ballinger. Washington, June 1.—So persistent have the reports become that Secretary Ballinger is to retire from the Taft cabinet that the gossip is already busy with the selection of his successor. Former Senator Charles I. Long of Kansas was tipped as the probable choice of the president.

Norton Selected as Secretary. Washington, June 1.—It is regarded here as practically certain that Charles D. Norton of Chicago will succeed Fred W. Carpenter as secretary to the president.

JAMES A FOWLER

Special Assistant to Attorney General Wickersham.

BLOODSTAINS FOUND NEAR CHURCH ALTAR

Police Unearth New Clues in Kellner Murder Case.

Louisville, Ky., June 1.—It is believed that Alma Katerine Kellner, the little eight-year-old girl who disappeared from her home on Dec. 8, was murdered within the sacred walls of St. John's Catholic church. Traces of the crime have been discovered underneath the floor of a small room adjoining the altar of the church. Bloodstains on the brick in the wall, a small leather gauntlet worn by the child on the day she left home, two bloodstained handkerchiefs belonging to a man, and a piece of black feather that adorned the girl's hat were some of the discoveries made by the searchers.

That the body was thrust through a hole in the floor of the sacristy which led to the basement of the church by the murderer is the theory of those working on the mystery, and then an attempt made to cremate it in the furnace of the church. Falling in this, it is thought that the fiend carried the body to the unused cellar of the school and there buried it.

Only one carriage followed the hearse to the cemetery, and the funeral was held unexpectedly to avoid a crowd of morbidly curious people.

Mrs. Lena Wendling, wife of the missing janitor of the school, who is being held as an accessory to the murder of the child, was presented in police court, but her case was continued. She denies all knowledge of the crime.

Take Headquarters to Toledo. Columbus, O., June 1.—Howard Mannington, Columbus, is to be secretary of the Michigan-Ohio-Indiana Coal Operators' association, which was formed in Toledo by a merger of the three state coal dealers' associations. Robert F. Lake, Jackson, Mich., is to be president, and H. H. Dear, Bluffington, Ind., vice president, and W. A. Gibson, Upper Sandusky, treasurer. Headquarters of the association will be installed at Toledo.

Former Treasurer Treat Dies. New York, June 1.—Stricken with apoplexy, Charles Henry Treat, 68, until last September treasurer of the United States, died in the Victoria hotel without regaining consciousness. His wife and two daughters were with him.

Life Term Dies. Columbus, O., June 1.—Danato Dittulo, serving a life sentence for murder, died at the penitentiary hospital. He had been confined for several months with recurrent attacks of epilepsy and his death had been expected for several weeks.

Mrs. J. N. Sutton, Candidate For Congress From Oregon

Still firmly believing she can prove that her son, Lieutenant James N. Sutton of the marine corps, was murdered in October, 1907, and despairing of redress from the naval authorities, Mrs. J. N. Sutton intends to appeal to congress. With that view she will offer herself as a candidate for a seat in the house from the Portland (Ore.) district in the approaching campaign. Her purpose in congress will be to induce legislation that will reopen the inquiry into this much discussed tragedy.

COLUMBUS DEMOCRATS TO HOLD BANQUET

Columbus, O., June 1.—Governor Marshall of Indiana, Champ Clark of Missouri and Ollie James of Kentucky will be the principal speakers at the annual outing and barbecue of the Columbus Jefferson club, to be held at Olentangy park June 27. Delegates from the Jefferson club will attend the Democratic convention at Dayton June 23 and extend a general invitation to all the delegates there to attend the Columbus outing. A hundred thousand invitations will be sent over the state, which will admit the bearer to the grounds and to the tables at the barbecue.

BOSTON UNIVERSITY WANTS OHIO EDUCATOR

Boston, June 1.—By an unanimous vote the trustees of Boston university elected as president Guy Potter Benton, president of Miami university since 1902, as successor to President William E. Huntington, whose resignation was offered some months ago. The trustees express the belief that Boston university will be fortunate in securing the services of Dr. Benton as president.

Dr. Benton has just returned from his sabbatical years abroad and it has been suggested that the trustees of Miami university might feel that this is hardly the proper time for him to leave. The Boston university trustees express the hope that if any such objection exists it will be overcome in order that Dr. Benton may be permitted to come to Boston. Dr. Benton was educated at the Ohio Normal university, Ohio Wesleyan, Baker university and University of Wooster.

CAN REDUCE THE RATES THE JOKE A REALITY

Washington, June 1.—The power of the interstate commerce commission to enforce railway rates of their own making was affirmed in a strong opinion rendered by Justice McKenna for the supreme court of the United States. The rate-making power of the commission was attacked by several scores of railroads on the ground that the law authorizing it was a delegation of legislative authority.

AYER'S HAIR VIGOR
Does not Color the Hair
Hair falling out? Troubled with dandruff? Want more hair? An elegant dressing?
Ingredients: Sulphur, Glycerin, Quinine, Sodium Chloride, Capsicum, Sage, Alcohol, Water, Perfume.
We believe doctors endorse this formula, or we would not put it up.
AYER'S HAIR VIGOR
Does not Color the Hair

SAY KOHLER WAS DRUNK

Cleveland, O., June 1.—The civil service commission began hearing witnesses in support of 23 charges of drunkenness and immorality on which Frederick Kohler was suspended as chief of police a week ago. Kohler filed a general denial. Several witnesses testified that in their opinion Kohler was intoxicated last election night, Nov. 3, in the rooms of the board of elections and on the street.

Notice to Contractors

The Board of Education of the township of Berlin, County of Knox, Ohio, hereby gives notice that bids will be received at the office of the clerk of said township, from the 2nd day of June, 1910, until the 24th day of July, 1910, at noon, for furnishing the material and doing the work necessary for the erection of a school house and three outbuildings in accordance with plans set forth in specifications on file at the office of the clerk of said Berlin township. The building is to be erected in district No. 5 and on the site of a former school house burned down in the early part of the current year. These bids shall be in two classes: 1st. Bid for all material necessary to the construction of the building. 2nd. Bid for all labor necessary to convert said material into the finished building as specified. These bids shall be sealed. By order of the Board of Education, JOHN GUTHRIE, Clerk, Rt. 1, Fredericktown, O. 6-2-10-17,218

M. D. WILSON, Fredericktown, Ohio.

S. S. S. CURES ECZEMA, ACNE, TETTER, ETC.

Eczema, Acne, Tetter, Salt Rheum, etc. are simply the ulceration of skin tissues, caused by humors and acids in the blood. The circulation has become infected with impurities which are being constantly deposited into the pores and glands of the cuticle, and a continual state of inflammation and irritation is thus kept up. Just as long as these humors and acids remain in the circulation the skin affection will continue. The trouble may be temporarily soothed and covered over with external applications, but such treatment does not make the blood any purer, and can therefore be of no permanent benefit. To cure any skin disease it is necessary to purify the blood—remove the cause. S. S. S. Cures Eczema, Acne, Tetter, Salt Rheum, pimples, eruptions, etc. because it is the greatest of all blood purifiers. It goes into the circulation and drives out every humor, acid or impurity. It cools the feverish blood and allows it to furnish the skin with healthy nourishment, instead of fiery, acrid deposits. S. S. S. is purely vegetable, mild and pleasant in its action, it does not cure skin disease by forcing all the impurity to the surface, but stimulates the excretory members to carry it off through the natural avenues. If you have any skin affection you can not do better than purify your blood with S. S. S. It will assist nature in quickly restoring the smooth, even texture of the cuticle, and the cure will be permanent and lasting. Book on Skin Diseases free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Going Out of Business

Max Kurlander & Co.'s Big Stock To Be Sold Below Cost

Owing to the recent death of Mr. Kurlander's father, which has made it necessary that he take charge of stores in Lorain, the large
